

INTRODUCTION

1. In accordance with the provision under Article 202(i) of the Constitution of India, a statement of the estimated receipts and expenditure of the State for each financial year has to be laid before the State Legislature. This “Annual Financial Statement” is more commonly known as the “Budget”. It contains the actual receipts and expenditure of the Government for the preceding year, revised estimates for the current year and the budget estimates for the ensuing year.

The Accounts of the Government of Goa are maintained in the following three parts namely.

- I. Consolidated Fund of the State.
- II. Contingency Fund of the State.
- III. Public Account of the State.

Consolidated Fund: The scope of consolidated fund has been defined in Article 266(1) of the Constitution. There are three main constituents of the consolidated fund, namely

- A. Revenue
- B. Capital and
- C. Debt (comprising Public Debt, Loans and Advances and Interstate settlement).

2. The expenditure out of the Consolidated Fund are of two types, one is ‘Charged’ and the other is “Voted”. The expenditure of the State Government which is so essential in nature that it does not require to be put to vote in the Assembly is called ‘Charged’ expenditure, whereas the expenditure which is open to debate and subjected to vote in the Assembly is called ‘Voted’ expenditure. The following expenditure is charged on the Consolidated Fund of the State.
 - a) Emoluments and allowances of the Governor and other expenditure relating to his/her office
 - b) The salaries and allowances of Speaker and the Deputy Speaker of the Legislative Assembly.
 - c) Debt charges for which the State is liable including interest, sinking fund charges and redemption charges and other expenditure relating to the raising of loans and the servicing and redemption of debt.
 - d) Expenditure in respect of salaries and allowances of Judges of the High Court.
 - e) Any sum required to satisfy any judgment, decree or award of any Court or Arbitral Tribunal.
 - f) Any other expenditure declared by the Constitution or by the Legislature of the State by law to be charged.
3. The Revenue Account is the account of the current income and expenditure of the State. The income is derived mainly from the taxes including the share of Union taxes obtained through the awards of Finance Commission, duties, fees for services rendered, fines and penalties, interest receipts, grants-in-aid and many other receipts classified as revenue of the State. It also deals with all expenditure for collection of taxes and other receipts, interest payment and servicing of public debt, expenditure incurred on social and developmental services and other expenditure classified as revenue expenditure of the State. Finally, it presents the picture of the revenue surplus or deficit for the year. The second division, the Capital Account deals with expenditure usually met from sources

other than current revenue e.g. borrowings, advances and receiving of loans and advances with the object either of creating concrete assets of material character or of reducing recurring liabilities. This is also called the Capital Outlay outside the Revenue Account. This includes Capital investments on improvement of Public Health, improvement of Agriculture and Research, Industrial Development, Navigation, Embankment and Drainage Work, Electricity Schemes, Public Works, Transport and Communication etc. The third division is the Account of Debt (Loan, Treasury bills, Ways and Means Advances) incurred and discharged and of loans and advances made by the State Government, of Local Funds, Private Parties and others and recoveries from them.

4. Part II of the State Budget is the Contingency Fund of the State which is required to be maintained under Article 267(2) of the Constitution of India to meet the unforeseen and emergent expenditure pending authorization of the Legislature.
5. Part III of the Budget is the Public Account of the State which comprises (a) Unfunded Debt, (b) Deposits & Advances and (c) Remittances. Money received by or on behalf of the State Government which cannot be credited to the Consolidated Fund are credited to this Account. For payment out of the Public Account, no demand is required to be presented to the legislature. In the matter of transactions in respect of first two divisions, Government acts as the Banker. The first two divisions comprise receipts and payments other than those falling under debt heads pertaining to Part-I in respect of which Government incurs a liability to repay the money received or has a claim to recover the amounts paid together with repayments of the former and recoveries of the latter. Unfunded debt of State Provident Fund comes under the first division.
6. Few Reserve Funds have been created for special purposes and deposits are made in those funds by appropriation from the Revenue Account. These funds are Depreciation Reserve Funds of Government Commercial Undertakings, Sinking Funds for amortization of loan, Relief Fund, Local Funds and few other transactions such as Departmental and Permanent Advances, Suspense Accounts etc. The third division includes merely adjusting heads under which appear remittance of cash between treasuries, transfer between different accounting heads and remittances between the State Government and Reserve Bank of India, State Government etc. Credits and debits taken to the adjusting heads in the division are eventually cleared by adjustment under final heads.
7. The combined effect of the transaction in the Consolidated Fund, the Contingency Fund and the Public Account presents the overall Budgetary position with the surplus or deficit thereof. The opening cash balance of the Government Account added or subtracted by the surplus or deficit in the overall transactions of the year produces the closing cash balance of the year. These are the broad outlines of the State budget from year to year.

1. OVERALL BUDGETARY POSITION

1.1 The overall budget for the year 2016-17, envisages Total Receipts at Rs. 33971.96 crore both on Revenue and Capital Account as against the Total Expenditure estimated at Rs. 35229.64 crore, showing overall deficit of Rs. 1257.68 crore. On the Revenue Account, the receipts are estimated at Rs. 10641.96 crore and expenditure at Rs. 10483.14 crore, leaving a surplus of Rs. 158.82 crore. On Capital Account, the receipts are estimated at Rs. 23330.00 crore and expenditure at Rs. 24746.50 crore, thereby showing a deficit of Rs. 1416.50 crore. Expenditure on Capital Account includes expenditure on Public Account.

1.2 When compared with the revised estimate for 2015-16, the budget estimate of total receipts and expenditure on revenue and capital account for 2016-17, show an increase of 7.64 (Receipt) and 7.93 (Expenditure) percent respectively.
